

Panama City 2019 - Millville Community Cleanup

Saturday, May 04, 2019, 8:00 AM - 12:00 PM

On May 4th, volunteers will join forces with the Boys & Girls Club of Bay County, the lighthouse in the Millville Community - one of the hardest hit areas by Hurricane Michael. Volunteers will go into the surrounding area around the Boys & Girls Club Chapman Unit and assist with cleaning up trash and debris, as well as help with general yard work - such as cutting the grass, trimming hedges, and weeding flower beds.

The day will end with volunteers knowing that they brought hope to the community and left families within the area with the feeling of connection again.
